15.80	12	7	34.80	71

Honda Jazz 2014 version had a comfortable score in Adult Occupant Protection (AOP) with 15.58 points. However, due to the 5-Star rule in AOP, only variants with ESC and SBR for both front occupants are rated 5-Star; those without are rated AOP 4-Star. For Child Occupant Protection (COP), it scored 71 % compliance, thus rated as 4-Star. ISOFIX & top tether are available as standard across ASEAN region.

From September 2013, ASEAN NCAP has introduced side impact test (UN R95) as a new pre-requisite for 4-Star and above. Also, Child Occupant Protection (COP) is presented in star-rating form.
